14 % vol.

40 % Merlot
40 % Syrah
20 % Cabernet Sauvignon

Volcanic

Yeasting with neutral yeast
Fermentation between 20 and 30°C
Soft extraction

The red is a sweet talker. It envelopes you in dark fruit with the vibrant aroma of ripe berries. The flavour is sensational and succulent with fruit and sweet spices... just how we like it! Its light, delicate and polished tannins give it a fabulously full body.

Delicious! It takes your meal to the next level. Serve with good organic chicken and allotment potatoes! And Bob's your uncle!

Qualenvi certified since 2006, we are now labeled High Environmental Value (HVE) operation. This label is based on indicators and a requirement for results of "green practices" which relate to the entire operation. Beyond the environmental commitment, we have entered the «big leagues» of the Quality approach by obtaining ISO 22000 certification. This international standard demonstrates the company's ability to control the Food Safety.
